

PMS activity Questions

1. Activity: Planning a School Event

Question: Imagine you are assigned to plan a school event, such as a sports day or a cultural festival. Outline the key steps you would take to ensure successful planning and execution of the event.

2. Activity: Time Management

Question: Create a daily schedule for yourself, including your schoolwork, extracurricular activities, and personal time. Explain how you would prioritize tasks and manage your time effectively.

3. Activity: Setting Goals

Question: Identify two short-term goals and two long-term goals you would like to achieve. Explain how you would break down these goals into smaller tasks and create a plan to accomplish them.

4. Activity: Teamwork and Collaboration

Question: Imagine you are part of a group project at school. Describe how you would contribute to the team, delegate tasks, and ensure effective collaboration among team members to achieve the project objectives.

5. Activity: Risk Management

Question: Identify potential risks and challenges that may arise during a school field trip. Explain how you would assess and mitigate these risks to ensure the safety and smooth execution of the trip.

6. Activity: Problem Solving

Question: Describe a problem you encountered in a school project or assignment. Explain the steps you took to analyze the problem, identify possible solutions, and implement the best solution.

7. Activity: Communication Skills

Question: Pretend you need to deliver a presentation to your classmates about a topic of your choice. Explain how you would plan and structure your presentation, considering the audience, key messages, and visual aids.

8. Activity: Budgeting

Question: Imagine you are organizing a fundraising event for your school. Create a budget, including income and expenses, and explain how you would track and manage the finances to ensure a successful event.

9. Activity: Adaptability and Flexibility

Question: Describe a situation where your original plan for a project had to be changed due to unforeseen circumstances. Explain how you adapted to the changes and managed to complete the project successfully.

10. Activity: Evaluation and Reflection

Question: Reflect on a recent school project or activity you were involved in. Describe the criteria you would use to evaluate its success and identify areas for improvement in future projects.

11. Activity: Planning a Vacation

Question: You are planning a vacation with your family or friends. Outline the key steps you would take to plan and manage the trip effectively, considering factors such as budgeting, itinerary creation, accommodation, and transportation.

12. Activity: Organizing a Community Event

Question: Imagine you are responsible for organizing a community event, such as a charity fundraiser or a local festival. Outline the key tasks and considerations involved in managing the event, including budgeting, vendor coordination, marketing, and logistics.

13. Activity: Renovating a Room

Question: You want to renovate a room in your house, such as a bedroom or a living room. Describe the steps you would take to plan and execute the renovation project, considering factors such as budgeting, design, material selection, and hiring contractors.

14. Activity: Launching a New Product

Question: Imagine you are part of a team responsible for launching a new product or service. Describe the key stages and activities involved in managing the product launch, including market research, product development, marketing strategy, and customer engagement.

15. Activity: Planning a Wedding

Question: You have been entrusted with planning a wedding ceremony. Explain the key elements and tasks you would manage, such as venue selection, guest list management, catering, décor, entertainment, and budgeting.

16. Activity: Managing a Business Project

Question: Describe the steps and considerations involved in managing a business project, such as launching a new website or implementing a marketing campaign. Include elements such as defining project scope, setting goals, allocating resources, monitoring progress, and managing risks.

17. Activity: Organizing a Team Sports Event

Question: You are responsible for organizing a team sports event, such as a tournament or league. Outline the tasks involved in managing the event, including scheduling matches, coordinating teams, arranging facilities, and ensuring fair play.

18. Activity: Planning a Fundraising Campaign

Question: Imagine you are leading a fundraising campaign for a charitable cause or nonprofit organization. Describe the steps you would take to plan and execute the campaign, including setting goals, creating a marketing strategy, engaging donors, and tracking donations.

19. Activity: Managing a Construction Project

Question: Explain the key considerations and tasks involved in managing a construction project, such as building a house or renovating a building. Include elements such as project planning, budgeting, resource management, coordinating contractors, and ensuring compliance with regulations.

20. Activity: Organizing a Personal Event

Question: Choose a personal event, such as a birthday party or a family gathering. Outline the steps you would take to plan and manage the event effectively, considering factors such as guest invitations, venue selection, menu planning, entertainment, and budgeting.

1. Activity: Planning a School Field Trip

Question: Plan a school field trip to a historical site. Outline the key steps involved, including budgeting, transportation, permissions, itinerary creation, and safety considerations.

2. Activity: Organizing a Science Fair

Question: Organize a science fair in your school. Describe the tasks you would undertake, such as project selection, participant registration, venue setup, judging process, and publicizing the event.

3. Activity: Designing a Community Garden

Question: Design a community garden project. Explain the steps you would take, including site selection, budgeting, plant selection, volunteer coordination, and long-term maintenance planning.

4. Activity: Managing a Fundraising Campaign

Question: Manage a fundraising campaign for a local charity. Outline the tasks involved, such as setting fundraising goals, creating promotional materials, coordinating events, and tracking donations.

5. Activity: Planning a Cultural Exchange Program

Question: Plan a cultural exchange program between your school and a school in another country. Describe the tasks involved in organizing student exchanges, cultural activities, accommodation, and logistics.

6. Activity: Organizing a Debate Competition

Question: Organize a debate competition in your school. Explain the steps you would take, including topic selection, participant registration, scheduling, judging criteria, and prize distribution.

7. Activity: Managing a Volunteer Project

Question: Manage a volunteer project for a local community service organization. Describe the tasks involved, such as recruiting volunteers, assigning roles, coordinating activities, and evaluating the project's impact.

8. Activity: Planning a Charity Event

Question: Plan a charity event to raise funds for a specific cause. Outline the tasks involved, including event concept development, sponsor acquisition, logistics management, marketing, and participant engagement.

9. Activity: Organizing a School Play

Question: Organize a school play production. Explain the tasks you would undertake, such as script selection, auditions, casting, rehearsals, set design, costume coordination, and ticket sales.

10. Activity: Managing a Book Drive

Question: Manage a book drive campaign in your school or community. Describe the steps involved, including promoting the campaign, collecting books, sorting and organizing donations, and distributing them to beneficiaries.

11. Activity: Planning a Sports Tournament

Question: Plan a sports tournament for different school teams. Outline the tasks involved, such as scheduling matches, securing venues, coordinating referees, managing logistics, and awarding trophies.

12. Activity: Designing a Sustainable School Project

Question: Design a sustainable project for your school, such as implementing recycling programs or installing renewable energy sources. Describe the steps you would take, including research, planning, implementation, and monitoring.

13. Activity: Organizing a Career Fair

Question: Organize a career fair at your school. Explain the tasks involved, such as inviting guest speakers, coordinating booths, creating a schedule of presentations, and providing resources for attendees.

14. Activity: Managing a Social Media Campaign

Question: Manage a social media campaign to raise awareness about an important social issue. Describe the tasks involved, such as content creation, scheduling posts, engaging with followers, and tracking campaign reach.

15. Activity: Planning a School Club Event

Question: Plan an event for a school club of your choice (e.g., debate club, music club, environmental club). Outline the tasks involved, including venue selection, program planning, budgeting, and member participation.

16. Activity: Organizing a STEM Workshop

Question: Organize a STEM (Science, Technology, Engineering, Mathematics) workshop for students in your school. Explain the tasks involved, such as

selecting workshop topics, arranging materials, coordinating presenters, and managing participant registrations.

17. Activity: Managing a School Magazine Publication

Question: Manage the publication of a school magazine. Describe the tasks involved, such as content creation, design, editing, printing coordination, and distribution.

18. Activity: Planning a Health and Wellness Campaign

Question: Plan a health and wellness campaign in your school. Outline the tasks involved, including organizing informative sessions, fitness challenges, healthy eating initiatives, and mental health awareness activities.

19. Activity: Organizing a Coding Competition

Question: Organize a coding competition for students in your school or community. Explain the steps involved, including selecting coding problems, setting competition rules, organizing judging, and awarding prizes.

20. Activity: Managing a School Improvement Project

Question: Manage a project aimed at improving a specific aspect of your school, such as upgrading facilities, enhancing technology infrastructure, or implementing an environmental sustainability program. Describe the tasks involved, including planning, budgeting, resource allocation, and evaluation.

21. Activity: Planning an Environmental Cleanup Drive

Question: Plan an environmental cleanup drive in your local community. Outline the steps involved, including identifying cleanup sites, coordinating volunteers, arranging necessary equipment, and ensuring proper disposal of collected waste.

22. Activity: Organizing a Leadership Workshop

Question: Organize a leadership workshop for students in your school. Explain the tasks involved, such as selecting workshop topics, inviting guest speakers, coordinating activities, and evaluating participant feedback.

23. Activity: Managing a School Sports Team

Question: Manage a school sports team, such as a soccer or basketball team. Describe the tasks involved, including scheduling practices and matches, coordinating uniforms and equipment, and fostering team spirit.

24. Activity: Planning a Study Abroad Program

Question: Plan a study abroad program for students in your school. Explain the steps involved, including selecting a destination, arranging travel logistics, coordinating educational activities, and ensuring participant safety.

25. Activity: Organizing a Science Exhibition

Question: Organize a science exhibition in your school. Describe the tasks involved, such as project selection, experiment demonstrations, poster presentations, and visitor engagement.

26. Activity: Managing a Technology Integration Project

Question: Manage a project aimed at integrating technology into the classroom. Outline the tasks involved, including selecting appropriate technologies, training teachers, troubleshooting technical issues, and evaluating the project's impact on learning.

27. Activity: Planning a Community Outreach Program

Question: Plan a community outreach program to support a local cause, such as a food drive or clothing donation campaign. Explain the steps involved, including volunteer recruitment, resource collection, distribution logistics, and impact assessment.

28. Activity: Organizing a Drama Workshop

Question: Organize a drama workshop for students interested in theater arts. Explain the tasks involved, such as selecting workshop themes, inviting theater professionals, coordinating rehearsals, and organizing a final performance.

29. Activity: Managing a Digital Media Project

Question: Manage a digital media project, such as creating a short film, producing a podcast, or designing a website. Describe the tasks involved, including content creation, scripting, recording, editing, and distribution.

30. Activity: Planning a Debate Tournament

Question: Plan a debate tournament for schools in your region. Outline the tasks involved, including participant registration, topic selection, judging criteria, scheduling debates, and awarding trophies.

31. Activity: Organizing a Language Exchange Program

Question: Organize a language exchange program to promote cultural diversity and language learning. Explain the tasks involved, such as partner matching, organizing language sessions, cultural activities, and participant feedback collection.

32. Activity: Managing a Community Library Project

Question: Manage a project aimed at establishing or improving a

community library. Describe the tasks involved, such as fundraising, book collection, library organization, volunteer coordination, and promoting library usage.

33. Activity: Planning a Business Fair

Question: Plan a business fair in your school or community, showcasing student entrepreneurs and their products or services. Outline the tasks involved, including participant selection, booth arrangement, marketing, and visitor engagement.

34. Activity: Organizing an Art Exhibition

Question: Organize an art exhibition to showcase the talent of students in your school or community. Explain the tasks involved, such as artwork collection, exhibition layout, promotional materials, and visitor feedback collection.

35. Activity: Managing a Peer Tutoring Program

Question: Manage a peer tutoring program in your school, where older students provide academic support to younger students. Describe the tasks involved, including tutor recruitment, session scheduling, resource development, and feedback collection.

36. Activity: Planning an Entrepreneurship Workshop

Question: Plan an entrepreneurship workshop for students interested in starting their own businesses. Explain the tasks involved, such as inviting guest speakers, designing workshop activities, coordinating resources, and assessing participant learning.

37. Activity: Organizing a Robotics Competition

Question: Organize a robotics competition for students in your school or community. Describe the tasks involved, such as designing competition challenges, setting rules, arranging equipment, and coordinating judging.

38. Activity: Managing a Community Beautification Project

Question: Manage a project aimed at beautifying a public space in your community, such as a park or a graffiti removal campaign. Outline the tasks involved, including planning, resource mobilization, volunteer coordination, and project evaluation.

39. Activity: Planning a Career Exploration Fair

Question: Plan a career exploration fair in your school, where professionals from different fields present their career paths to students. Explain the tasks involved, such as speaker invitation, program scheduling, booth arrangement, and participant feedback collection.

40. Activity: Organizing a Music Concert

Question: Organize a music concert in your school or community. Describe the tasks involved, such as artist selection, venue arrangement, ticketing, publicity, and stage management.

41. Activity: Managing an Environmental Awareness Campaign

Question: Manage an environmental awareness campaign in your school or community. Explain the tasks involved, such as creating educational materials, organizing awareness events, coordinating recycling initiatives, and measuring the campaign's impact.

42. Activity: Planning a Health and Fitness Program

Question: Plan a health and fitness program for students in your school. Outline the tasks involved, such as designing workout routines, organizing fitness challenges, providing nutritional guidance, and tracking participant progress.

43. Activity: Organizing a Photography Exhibition

Question: Organize a photography exhibition to showcase the work of students or local photographers. Explain the tasks involved, such as selecting photographs, curating the exhibition, arranging displays, and organizing an opening reception.

44. Activity: Managing a Debate Club

Question: Manage a debate club in your school. Describe the tasks involved, such as organizing regular debates, selecting debate topics, providing training materials, and fostering a supportive club environment.

45. Activity: Planning a Technology Fair

Question: Plan a technology fair in your school, showcasing the latest advancements and innovations. Outline the tasks involved, including exhibitor selection, demonstration setup, attendee registration, and promoting technology literacy.

46. Activity: Organizing a Community Health Camp

Question: Organize a community health camp to provide free medical check-ups and health awareness to residents. Explain the tasks involved, such as recruiting medical professionals, coordinating logistics, publicizing the camp, and ensuring participant satisfaction.

47. Activity: Managing a Recycling Initiative

Question: Manage a recycling initiative in your school or community. Describe the tasks involved, such as setting up recycling stations,

educating participants about recycling guidelines, collecting and sorting recyclables, and tracking the impact of the initiative.

48. Activity: Planning a Cultural Festival

Question: Plan a cultural festival celebrating the diversity of your community. Outline the tasks involved, including performance selection, food arrangements, cultural displays, logistics management, and audience engagement.

49. Activity: Organizing a Career Development Workshop

Question: Organize a career development workshop for students, focusing on skills like resume writing, interview preparation, and professional networking. Explain the tasks involved, including guest speaker coordination, workshop material creation, registration management, and feedback collection.

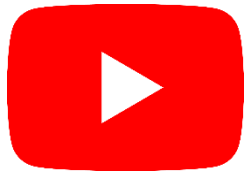

50. Activity: Managing a Social Impact Project

Question: Manage a project that addresses a social issue in your community, such as poverty, homelessness, or education inequality. Describe the tasks involved, including needs assessment, planning interventions, mobilizing resources, implementing programs, and evaluating impact.

These activity questions on project management skills aim to engage students in practical scenarios and encourage them to apply project management principles to real-life situations.
